ALUMNI

Dear Duke Alumni and Friends:

During a specially arranged and narrated daylight transit, cruise from the Pacific to the Atlantic through the storied Panama Canal. Experience the mighty locks that raise and lower oceangoing vessels 85 feet to accomplish in hours what historically required a lengthy and perilous navigation around the tip of South America. A monumental expansion in 2016 doubled the canal's capacity. This 50-mile passage through the narrow Isthmus of Panama continues to astonish the most veteran traveler.

This journey also features some of the Earth's most pristine ecosystems in the rainforests, islands and archipelagos of Panama and Costa Rica. Explore the heart of Panama City's UNESCO World Heritage designated Casco Antiguo—the city's old town—and tour acclaimed architect Frank Gehry's only design in Latin America, Panama City's Biodiversity Museum. Visit the stunning and biodiverse Manuel Antonio National Park, where expert naturalists will lead a trail walk among rare species, including the scarlet macaw and fiery-billed aracari.

Cruise aboard the exclusively chartered, Five-Star LE DUMONT-D'URVILLE, launching in 2019 and featuring the extraordinary *Blue Eye*, the world's first multisensory Observation Lounge. This sophisticated small ship is the optimal vessel for accessing the small ports of call on this journey and passage of the Panama Canal.

As our Duke group grows in size, a Duke host will join the trip to bring a uniquely Duke perspective to the tour. Space is limited for this extraordinary travel opportunity and excellent value, so call us soon to reserve your space!

Forever Duke,

Beth Ray-Schroeder '83
Director, Duke Alumni Travels

NATURE'S WONDERS

in the Heart of the Rainforest

Called the "rich coast" by the Spanish conquistadors who sought to colonize it following Columbus's arrival in 1502, Costa Rica offers diverse and fascinating richness, seen in its fertile landscapes and the perseverant culture of its indigenous people. More than 25 percent of this captivating country is a national park, wildlife refuge or protected rainforest, earning Costa Rica the distinction of one of the greenest countries in the world and a leading destination for eco-tourism. Explore lush rainforests, stroll the white sands of coral-fringed beaches and encounter a vivid array of wildlife, including howler monkeys and 600 species of non-migratory birds. The national motto of Costa Rica is "¡Pura Vida!" translating to "pure life," and is expressed in the proud and welcoming faces of the Ticos (Costa Ricans), the passionate biologists captivated by the flourishing rare and endemic species and the spectacularly vivacious landscape itself.

San José, Costa Rica

In the heart of the fertile Valle Central, Costa Rica's dynamic capital city of San José possesses an eclectic mix of museums; lush, landscaped parks; lively cafés; fascinating art galleries and an interesting fusion of Spanish Colonial, Moorish and Modernist architectural styles. Visit the ornate, Neo-Classical National Theater, built between 1891 and 1897 and recently declared a National Symbol; the interior is famous for its marble staircases and golden statues. Peruse the National Museum's impressive collections showcasing the country's natural and cultural heritage, including pre-Columbian artifacts.

Curú National Wildlife Refuge

A unique blend of sustainable agriculture, forest management and wildlife protection, the Curú National Wildlife Refuge is home to species like the scarlet macaw and spider monkey, both reintroduced into the wild here. Encompassing five distinctive

untouched habitats that range from mangrove swamps and dry and humid forests, it is the ideal place to see the intricacies of interdependent ecosystems.

THE PANAMA CANAL

Marvel of Human Engineering
More than a Century of Passages

The 580-foot-long SS Kroonland was the largest passenger ship of its time to transit the Panama Canal in 1915.

After France's failed attempt to build a sea-level canal in the 19th century, and following the U.S. involvement in Panama's independence, the canal project resumed under the watchful eye of President Theodore Roosevelt. Completed in 1914, the Panama Canal is considered one of the Seven Wonders of the Modern World by the American Society of Civil Engineers.

During a daylight passage, experience firsthand the "greatest liberty man has ever taken with nature," which cuts through the Great Continental Divide, spans almost 50 miles and took 33 years and 100,000 laborers to complete, costing \$400 million.

CROSS SECTION OF THE PANAMA CANAL

This historic engineering feat changed the world, opening new channels of international trade and allowing ships to travel between the Atlantic and Pacific Oceans in a fraction of the time it took to circumnavigate South America. Now, more than a century later, the canal has undergone a \$5.25 billion expansion to accommodate more than twice the cargo, maintaining its status as the "gateway to the world."

Marvel at the grand construction of the Panama Canal, a monumental project that spanned more than 30 years.
