Duke ALUMNI

Dear Duke Alumni and Friends:

Visiting the mysterious Amazon River Basin, one of Earth's most exotic natural realms and our planet's largest rainforest ecosystem, is an unforgettable and once-in-a-lifetime experience. The longest navigable river in the world, the Amazon winds more than 4000 miles from its source in the Andes Mountains to the Atlantic Ocean, and its tributaries fan out over 1.5 million square miles to sustain the lush flora and extraordinary fauna of this fragile environment. Explore the boundless diversity of nature's most wondrous offerings from delicate orchids to transparent glass frogs and pink river dolphins, to the treetops of the verdant rainforest and the depths of blackwater tributaries.

Join us for this phenomenal natural history voyage aboard this new small expedition river vessel, uniquely designed to cruise the remote tributaries of the Amazon and into areas few other visitors have ever experienced. Launched in 2015, the deluxe, all-Suite M.V. ZAFIRO offers a first-class experience of the colorful wildlife and culture in the world's most extraordinary untouched rainforest and is one of a limited number of passenger vessels permitted to navigate this portion of the Peruvian Amazon. In an authentic atmosphere of exploration, cruise past the confluence of the Río Ucayali and Río Marañón—the legendary inception of the Amazon River—where the primeval calls of birds and wildlife echo across the rainforest.

Far beyond civilization in the Pacaya-Samiria National Reserve, the largest wetlands refuge in the world, the ship's expert, English-speaking Peruvian naturalists will lead you through the rainforest to see rare indigenous species and guide you along the Amazon's sinuous tributaries and serpentine blackwater rivers. Walk through remote forests where the number of butterfly species climbs into the thousands, and observe an incredible array of birds in this avian paradise. The Amazon is home to more plant and animal species than anywhere else in the world, and many have yet to be classified or even discovered. You will also visit local villages to gain insight into the culture and traditional way of life of the *riberños* (river people) and watch a shaman perform an ancient ritual.

In addition to the mystifying reaches of the Amazon, this unique program also includes two nights in Lima, Peru, featuring a visit to its historic city center—a UNESCO World Heritage site, and one night in Iquitos with an opportunity to experience its traditional market. The perfect complement to your Amazon expedition is the awe-inspiring Machu Picchu and the Sacred Valley Post-Tour Option featuring the eponymous UNESCO World Heritage site.

This outstanding small group expedition is a great value and sells out quickly. We encourage you to reserve now as space is limited and Early Booking Savings are only available through July 27, 2016.

As our Duke group grows in size, a Duke host will join the trip to bring a uniquely Duke perspective to the tour.

Forever Duke,

Beth Ray-Schroeder '83

U.S./Lima, Peru

Friday, Day 1

Depart for the cosmopolitan coastal city of Lima, Peru, located at the foot of the Andes Mountains, and arrive late today. In the heart of the upscale, cultural Miraflores district, check into the deluxe CASA ANDINA PRIVATE COLLECTION hotel.

The white-throated toucan's exuberant call is one of the most characteristic sounds of the lowland forest.

Lima

Saturday, Day 2

Enjoy a tour of the historic center of Lima, Peru's capital city and a UNESCO World Heritage site. See pre-Columbian temples and proud colonial mansions amid modern architecture, and the colorful buildings lining the Plaza de Armas—the city's main square. Tour the magnificent Casa de Aliaga, built in 1535 as the residence of Don Jerónimo de Aliaga, the co-founder of Lima. Filled with original 16th-century Spanish art and furniture, it is the oldest private house in continuous use in the western hemisphere and has been inhabited by the Aliaga family for 17 generations. Then, visit the 17th-century colonial Convent and Church of San Francisco, a brilliant combination

of Moorish and Baroque architectural styles and one of the finest churches in South America.

The afternoon is at leisure. The Welcome Reception is in the hotel this evening.

Lima/Iquitos

Sunday, Day 3

Following breakfast, fly to the vibrant international city of Iquitos, an important rubber boom city during the late 19th century that attracted thousands of immigrants from around the globe to the Amazon River Basin hoping to build their fortunes in the rubber industry.

Check into and enjoy lunch in the EL DORADO PLAZA HOTEL, followed by a walking tour highlighting the city's architectural legacy. In Plaza de Armas, see the Casa de Fierro—or Iron House—designed by Gustave Eiffel for the International Exposition of Paris in 1889 and still considered one of the finest examples of civil architecture in Peru. Continue to the Amazon waterfront and stroll along the lively Malecón Tarapacá riverwalk. Admire impressive views of the river and 19th-century European-Amazonian-style mansions built with Baroque and Rococo influences and beautiful ceramic tiles imported from Italy and Portugal.

Iquitos/Nauta/

Río Amazonas

Monday, Day 4

After breakfast, visit the colorful Upper Belén Market, the largest traditional market in the Peruvian Amazon. Continue to the Manatee Rescue Center for a fascinating, up-close encounter with young, orphaned Amazonian manatees. Afterward, transfer to Nauta and embark the M.V. ZAFIRO in time for lunch.

Photo this page: Explore the Amazon River's serpentine course—roughly 4000 miles of navigable river—through one of the world's most mysterious natural realms.

Observe mysterious creatures like the three-toed sloth in their untamed and exotic natural habitat.

Early this afternoon, leave the modern world behind as you begin your voyage of discovery into one of the world's most remote regions. Gather on the ship's observation deck and watch as civilization fades away and the vast Amazon River unfolds before you.

Please note: Itinerary may vary based on wildlife sightings, water levels and navigability.

Río Amazonas/Río Ucayali Tuesday, Day 5

Awaken in the heart of the Amazon Basin, where the dense jungle teems with the greatest diversity of plant and animal life on Earth and the perfect serenity of the river is broken only by the occasional fisherman paddling by in a traditional dugout canoe.

A team of expert naturalists will share their insight into this rich and complex ecosystem and help you identify fascinating

species like the colorful large-billed toucan, pink river dolphins, and the South American oriole. Look for a three-toed sloth moving between trees in a slow-motion ballet, while hawks, kites and turkey vultures glide overhead and jabiru storks methodically search for food in the shallows.

Vibrant red-eyed tree frogs use startle coloration to defend against predators.

This afternoon on the shores of the Amazon, meet with *riberieños* (river people) in their village, which has been inhabited for generations. Here, the villagers maintain conservation efforts to raise several of the thousands of butterfly species that live in the Amazon's unique ecosystem, including the rare electric-blue morpho.

Río Amazonas/Río Ucayali/ Río Marañón Wednesday, Day 6

This morning, embark one of the vessel's small excursion boats to explore the Pacaya-Samiria National Reserve, the largest wetlands reserve in the world. This area is home to rare animals like the endearing capybara, a large, semi-aquatic rodent endemic to South America, and a profusion of palms, orchids and other tropical plants that flourish at ground level. Watch for pink and gray river dolphins swimming alongside your boat.

Cruising along the Amazon River provides fascinating opportunities to observe the river's central role in the daily life of the local ribereños, the "river people."

After lunch, board a small river skiff in search of exotic wildlife, including toucans and saddleback tamarin monkeys, and marvel at the giant *Victoria amazonica* water lilies.

Río Marañón/Río Pucate/ Río Ucayali

Thursday, Day 7

Early this morning, enjoy a picnic breakfast under the shade of a magnificent rainforest canopy, while you watch for white-necked heron and wattled jacana dipping into nearby shallow waters. Explore this mysterious realm as you walk through the spectacular rainforest of soaring ceiba trees that reach as high as 200 feet, listen for endangered scarlet macaws chattering in the canopy and watch for egrets, oriole blackbirds and purple gallinules.

This afternoon, by special arrangement, meet a local shaman, or medicine man, who will perform a traditional ritual and explain how the *ribereños* have used indigenous plants and herbs for centuries to cure medical ailments. Participate in a traditional Amazonian tree-planting ceremony dedicated to ensuring the longevity and well-being of the rainforest.

Watch for playful pink and gray river dolphins, the largest freshwater dolphin species in the world.

This evening, take a special nighttime excursion into the Pacaya-Samiria National Reserve in search of elusive nocturnal creatures such as caimans and bats, and admire the vast blanket of stars that seem to shine brightest here, close to the Equator.

Look for bands of the South American coati, a member of the raccoon family, eating fruit high in the canopy.

Río Marañón/Nauta

Friday, Day 8

Enter a virtually uninhabited portion of the Amazon where the river narrows. Board excursion boats and cruise along serpentine blackwater tributaries while the vessel's naturalists point out captivating animal and plant life rarely detected by the untrained eye. Then, try your hand at catching a red-bellied piranha during a fishing expedition.

This afternoon, stop in a local village for a demonstration of preparing Amazonian specialties, including *juanes*, a regional favorite made of chicken and rice wrapped in banana leaves.

Later, visit another typical Amazonian village to experience the timeless way of life of the *ribereños*.

M.V. ZAFIRO

The deluxe, all-Suite M.V. ZAFIRO, launched in 2015, is one of the newest small expedition river vessels specifically designed to navigate the unique waters of the Upper Amazon River and its tributaries. Carrying only 36 guests, this spacious yet intimate vessel offers a unique way to experience the colorful wildlife and cultures within the most extraordinary, remote and untouched rainforest in the protected Pacaya-Samiria National Reserve.

Throughout the cruise, English-speaking, highly trained naturalists provide expert insight into the Amazon's amazing biodiversity—including its wildlife and the local culture of the indigenous peoples during lectures, small boat excursions and nature walks.

Each deluxe, river-view Suite has a private balcony or floor-to-ceiling panoramic window, two twin beds convertible to one king bed, private bathroom with shower, air conditioning, minibar, safe and hair dryer.

Onboard dining features Peruvian and international cuisine prepared each day from the freshest local ingredients. The backdrop for every meal is an ever-changing vista of the Amazon's exotic beauty viewed through the floor-to-ceiling panoramic windows in the dining room.

The M.V. ZAFIRO features a specially designed, spacious open-air Observation Deck offering scenic views by day, spectacular stargazing at night and a full bar and lounge. Machu Picchu and the Sacred Valley Post-Tour Option

Delight in this once-in-a-lifetime opportunity to experience Machu Picchu, the majestic “lost city of the Incas;” the lush Sacred Valley; and the colonial and Inca traditions of Cuzco.

Perched on an awe-inspiring mountain range above Urubamba Valley in the Peruvian Andes, Machu Picchu was obscured from humankind for 400 years until Yale Professor Hiram Bingham literally stumbled upon it in 1911. A century of extensive research and study still has not revealed the secrets of its purpose, its residents or its abandonment; nevertheless, this UNESCO World Heritage site has been carefully excavated and preserved.

Admire the spectacular archaeological sites of the beautiful Sacred Valley, where ancient engineering marvels, such as the fortress of Ollantaytambo, stand as lasting testimony to the powerful and far-reaching Inca Empire. Here, village craftsmen employ age-old techniques to weave intricate tapestries and sculpt colorful pottery.

In the historic Inca capital of Cuzco, a UNESCO World Heritage site, see the Inca stone fortress of Sacsayhuamán and grand Baroque- and Renaissance-style churches that provide a fascinating mix of pre-Columbian and colonial influences.
